Stacey

On behalf of the Canadian Association Of Aquarium Clubs, we would like to take this opportunity to express our sincere thanks for your support of our 50th anniversary convention. It was very successful and an interesting experience for all the attendees.

We had many generous donations for our draw and door prizes and over five hundred items in the main auction. Our speakers provided a wide variety of educational and interesting lectures. Collecting excursions, fish photography and world travels were just some of the topics covered.

It is the generosity of companies like yours that donate to our conventions, which make it easy to attract more people to enjoy our festivities. Please accept our thanks for your support of our organization

Included with this letter, we have enclosed the keepsake brochure that has photos and stories of this and previous conventions.

Regards

Carl McCleary
